JUDGE KIBBEY has finally rendered his decision in the Auditor case, that has been looked for with such interest by the public. If it decides anything at all, it is that Alexander is not Attorney General of Arizona, and by inference that Clark Churchill is, Rush not being a resident of the Territory and having sent in his resignation. This decision was anxiously looked for in the hope that it would, in a measure, settle the deplorable condition of affairs at present existing, but it decides nothing and our difficulties do not seem much nearer a solution. Although a decision that Mr. Hughes or Mr. Mender is the Auditor would not have set at rest the question as to who are the legal officers of the Territory, the several incumbents holding under different laws, it would have been a step toward straightening out the tangled condition of affairs, and we wish that Judge Kibbey could have seen his way clear to rendering such a decision.

ANOTHER one of Wadley's little schemes to bolster up his position has been exposed. Not being satisfied with using Mr. Emanuel's private letters, he has used one from Judge Wright. The best way to look at Wadley is through the wrong end of the spyglass. We were thinking of writing him a letter telling him what we think of him, but refrain for fear he might publish the letter and thereby acquaint the public with our sentiments on the subject.

THE GLOBE Democrat is authority for the statement that Attorney General Miller has said that Wadley has the power to fire all the Democratic holdovers. Hope that he has and will do so. But this does not at all improve his position nor justify him in overriding the laws of this Territory, and it is a certain thing that he has not heard the last of it.

PROBABLY it is useless to make the recommendation again, but why don't the business men of this city and county organize a Board of Trade? The report made by the committee appointed by the Supervisors shows that there would be plenty of work for such an organization to do that would redound to our material welfare.

THE DAILY EPITAPH has been informed by two gentlemen, who have taken the trouble to make a quiet canvass, that a majority of the taxpayers of Tombstone are in favor of statehood.

THE Wilcox Stockman is authority for the statement that some misguided mortal intends publishing a paper at San Jose, a small town in Graham county, to be printed in English and Spanish.

ONCE more has the Clifton Clarion turned up its beautiful toes. What's the matter, Will?

WHY don't some of our young gentlemen go to work and organize a military company? There is plenty of good material in Tombstone.

THE Phoenix Gazette, which has proven that it is well informed, says that a quarrel has occurred between Johnson and Wadley. We weep.

JOHN L. SULLIVAN is swaggering around, thirsting for a chance to smash somebody in the snout. Came out to Arizona, John, and tackle our present Territorial government. But we warn you that it is pretty tough—has a very thick hide.

Maison Dore.

This old time and popular restaurant still maintains its position as a favorite place for our citizens to regale themselves on all the table delicacies, which are prepared in a fashionable manner and served by polite and attentive waiters. Fresh fish every day, and an elegant chicken dinner every Sunday.

Mr. Moore, the Post Master at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhea Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhea with perfect satisfaction. One dose gave relief in every case but one, that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhea Remedy.' For sale at 25 and 50 cents per bottle by H. J. Peto.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois, last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waukegan, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhea Remedy during this epidemic and says they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cent bottles for sale by H. J. Peto.

JUDGE KIBBEY

Renders His Decision, but Decides Nothing.

ATTEMPTED COLOSSAL STEAL.

Unveiling of a Statue of General Grant—Accounts of Losses by the Late Storm.

SPECIAL TO THE DAILY EPITAPH

Judge Kibbey's Decision.

CASA GRANDE, Sept. 14.—The Florence Enterprise this morning published the following: In the case of H. N. Alexander, Attorney General of the Territory, against Thos. Hughes, Territorial Auditor, a plea in abatement was filed that Alexander was not attorney-general, and hence could not maintain the suit. Judge Kibbey has sustained the plea in abatement and hence the present suit must abate. In other words the suit is dismissed for want of jurisdiction in Alexander to maintain it in behalf of the Territory. The decision leaves the matter live where it was before the proceedings were begun, with the exception that Alexander is not attorney general of Arizona. It is a case in which the holder of legal advice of the Territory was hoisted by his own petard.

Judge Kibbey was in this city this morning and was shown the above article by a citizen reporter and he confirmed the report.

R. posts, civil societies, city officials, etc., went on the train to the Fort where they were joined by the troops and marched to the site of the monument. The ceremony of unveiling was performed by Gen. Wesley Merritt. It is a bronze military figure nine feet high, upon a polished granite pedestal. Orations were delivered by Senator Ingalls and others.

The Storm Out.

NEW YORK, Sept. 14.—The storm at last has blown over and the sun is shining. A feeling of uneasiness in shipping circles as to the safety of many vessels at sea during the storm remains as keen as ever. Several steamers and sailing vessels are overdue and as telegraphic communication between here and a number of points is still cut off, it is impossible to learn anything for the present. Communication with Sandy Hook is all right again. No less than a score of storm bound vessels are reported as having passed up toward the quarantine. All show evidence of having passed through the storm.

A Bark Sinks and Several Lives are Lost.

BOSTON, Sept. 14.—The bark Caterer from Pensacola, was abandoned while sinking on September 7th. The captain, mate and five of the crew were drowned. The remaining were rescued at Boston by the steamer Dennis.

WASHINGTON, Sept. 14.—Senator William Warner, of New York, had another long interview with the Secretary of the Interior today, after which in company with the Secretary he called on the President. An Attempt to Rob the Estate of the Late C. Myer.

NEW YORK, Sept. 14.—The Evening Sun in its last edition prints a sensational story of an attempt to rob the estate of the late C. Myer of seven millions of dollars by means of forgery and charges Henry S. Ives with the crime. The Sun says that by the forgery of two initials C and M, Ives was in a fair way to obtain at least a hundred thousand in cold cash and then still continuing seven million dollars. The paper says the forgery occurred last December. The facts were published today for the first time and will be substantiated whenever it shall become necessary.
